Colours

All shades on the colour chart are RAL standard. Other shades possible on request, by colour matching your sample.

The RAL colour chart is not associated with a particular brand. Find it in all DIY/paint shops, on sale and available for consultation on the internet (illustration below).

The depiction of the colours on the screen or on paper is not always true to life. It is better to consult a standardised colour chart.

Finishes

Choose your finish: Matt, Satin, Gloss or Micronised (also called Sanded).

Matt is, by its nature, more fragile. The micronised finish, by virtue of its depth, is less liable to scratching; it is harder to clean (often used for street furniture).

According to the base colour, the matt and micronised finishes may very slightly lighten the shade. In particular: gloss finish on a very dark shade – Consult us.
